Case managers maintain regular contact with Members throughout treatment, coordinate clinical and health plan Coverage issues, and help families utilize available community resources.

After evaluation of the Member's condition, it may be determined that alternative treatment is Medically Necessary and Appropriate.

In that event, alternative benefits for services not otherwise specified as Covered Services in Attachment A may be offered to the Member. Such benefits shall not exceed the Lifetime Maximum specified or the total amount of benefits under this EOC, and will be offered only in accordance with a written case management or alternative treatment plan agreed to by the Member's attending physician and BCBST.

**Emerging Health Care Programs** -- Care Management is continually evaluating emerging health care programs. These are services or technologies that demonstrate reasonable potential improvement in access, quality, health care costs, efficiency, and Member satisfaction. When We approve an emerging health care program, services provided through that program are Covered, even though they may normally be excluded under the EOC.

Care Management services, emerging health care programs and alternative treatment plans may be offered to eligible Members on a case-by-case basis to address their unique needs. Under no circumstances does a Member acquire a vested interest in continued receipt of a particular level of benefits. Offer or confirmation of Care Management services, emerging health care programs or alternative treatment plans to address a Member's unique needs in one instance shall not obligate the Plan to provide the same or similar benefits for any other Member.
