

CLARKSVILLE-MONTGOMERY COUNTY SCHOOL SYSTEM
CLARKSVILLE, TENNESSEE
JOB DESCRIPTION

Job Title: Virtual At-Risk Learning Liaison

Department: Instruction

Calendar: 220 Day

Grade: 502 B

Date: October 2020

Reports To: Director and Lead Coordinator
of Special Populations

Purpose of Job

The purpose of the Virtual At-Risk Learning Liaison position is to provide support for students attending school through the virtual setting by: collaborating with school-based and the K-12 Virtual Coordinator; providing professional learning opportunities; providing training to parents and students; and researching best practices to meet students' needs.

Essential Duties and Responsibilities:

The following duties are normal for this job. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

Takes all necessary and reasonable precautions to protect students, equipment, materials, facilities, and confidentiality of records.

Maintains accurate, complete, and correct records as required by law, district policy, and administrative regulation.

Assists the administration in implementing all policies and rules governing student life and conduct.

Collaborates with Special Education Leadership, Administrators, and Virtual School Coordinator for the implementation, success, sustainability, and accessibility of full-time, online learning for students with disabilities.

In collaboration with Special Education Leaders, Principals, and Virtual School Coordinator, plans instructional programs and the implementation of research-based best practices for virtual special education teachers.

Develops and implements communication processes for the transfer of students with disabilities into or out of the virtual setting to maintain IDEA compliance.

In collaboration with Special Education Leaders and virtual campus enrollment teams, develop procedures for a special education student transfer in and out of the virtual school.

Develops and implements best practices for special education student engagement with teachers in a virtual school model.

Assists with the planning and logistics of special education student's instructional services within the virtual school setting.

Develops and leads the training of special education teachers and staff using CMCSS school virtual learning platform.

Develops and leads communication, orientations, and engagement practices for parents to foster a strong partnership between school staff and families of a student with disabilities enrolled in the virtual school.

Supports online special education teachers with course creation and implementation of instruction in the virtual school model.

Collaborates and develops procedures and expectation for communication between special education case managers and virtual teachers.

Collaborates with Special Education Leaders to develop and implement virtual IEP meeting procedures, professional standards, and responsibilities for teachers during virtual IEP meetings.

Develops documentation procedures for virtual special education teachers related to tracking student progress, parent-teacher communication, and other student-focused information.

Trains staff on FERPA compliance standards in virtual models to include email communication, notes, and other written information about a student with a disability to protect the privacy and confidentiality of the special education students enrolled in the virtual school.

Assists special education teachers in using instructional tools promoting special education student engagement and accessibility to the virtual curriculum and instruction.

In collaboration with Special Education Leaders, Virtual School Coordinator, and Principals, develop expectations and procedures for special education teachers to report noncompliance of a special education student's participation in instructional services mandated by student's IEP while enrolled in the virtual school.

Acts as the Special Education Virtual point of contact.

Using data, monitor instructional practices, and its impact on special education student learning within the virtual school setting.

Assists with the coordination and logistics of state testing for virtual special education students.

Creates procedures and systems to track data related to the overall performance of students with special education.

In collaboration with Special Education Leaders, teachers, and district partners, explore work based learning opportunities for CMCSS student interns through a virtual lens.

In collaboration with Special Education Leaders, teachers, and district partners, develop remote/virtual vocational instructional opportunities for students with disabilities.

In collaboration with Special Education Leaders, and the district technology department, develop a communication process for students and family's needs related to training, equipment, or resources to ensure students have an optimal opportunity for engagement and learning in the virtual school setting.

Evaluation:

Performance of this job will be evaluated in accordance with provisions of the Board's policy on evaluation of professional personnel.
