**Job Title:** Onsite Float Nurse (LPN)- (ESSR Funded through 6/2024)

**Department:** Onsite

**Grade** LPN- I

**H.P.D.** Varies

**D.P.Y.** Varies

**Job Description**

**Date Reviewed:** November 2023

**Reports To:** Onsite Employee  
Health and Wellness Clinic  
Manager and Assistant Clinic  
Manager

**Purpose of Job**

The Onsite Float Nurse performs any combination of duties under the direction of clinical supervision from Onsite Administration. The Onsite Float Nurse assists in examination and treatment of both adult and pediatric patients while supporting clinical and medical office staff in all office and clinical functions of the clinic. Assists Administration with assigned clerical duties when needed at any of the various Onsite clinics located in Clarksville-Montgomery County.

**Essential Duties and Responsibilities**

**The following duties are normal for this job. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.**

Interviews patients to obtain appropriate medical information, and measures vital signs- includes such items as pain assessment, pulse rate, temperature, blood pressure, height, weight and any preliminary physical tests; records information on patients' electronic medical record. Records patient medical history; confirming purpose of visit. Reports summary of patient history to NP / PA / MD as necessary.

Gather supplies and perform rapid laboratory testing as ordered by PA, NP, and MD. Collects lab specimens from patients for testing, including but not limited to urine, blood, and sputum; performs routine laboratory tests on these specimens as needed. Performs rapid urinalysis, RSV, mono, strep, and flu testing and provides analysis information to the Medical Provider.

Submits all received laboratory results to the assigned Provider, ensuring immediate report of panic values. Contacts patients with lab and imaging results under the direction of the NP / PA / MD.

Gathers supplies needed and performs / assists with medication administration per NP/ PA / MD orders, using the proper route, such as oral, topical, sublingual, invasive, etc. This includes emergency medication administration, subcutaneous, intradermal, and intramuscular injections as ordered by PA, NP, or MD.

Gather supplies needed and be able to perform/assist with venipuncture. Uses each of the following methods: butterfly collection, standard needle, and syringe draw, depending the patient's access capability. Also performs / assists MD, PA, or NP with specimen transfer for specialized venous testing.

Gather supplies and perform / assist with treatments ordered by PA, NP, or MD- both invasive and non- invasive. These include foreign object removals, pap smears, rectal exams, wound irrigation, STI testing via urine specimens and / or vaginal / urethral collection, Hemocult testing, etc. Also assists the Medical Provider in maintaining a sterile field while providing instrument retrieval at the request of the Medical Provider.

Gather supplies needed and be able to perform/assist with stool sample collection, for the following but not limited to following: C & S, C. diff, and Eco Pak. Also utilizes collection of body tissues needed for culture collection- not limited to but including viral, wound, and throat culture.

Assists MD, PA, and / or NP with cryotherapy related procedures. Assists MD, PA, and / or NP with procedure for skin tag removal. Assists MD, PA, and / or NP with wart removal procedure.

Transmits prescription orders and refills for patients as directed by NP / PA / MD.

Completes all direct nursing care "due" at the time of patient visit to ensure compliance under the supervision of the NP/ PA / MD.

Greets patients in a polite and professional manner.

Maintains clinic in a safe and comfortable clinical environment for patients, guests, and employees. Monitors schedule to minimize patient wait times.

Performs visual acuity testing and hearing tests as ordered by the Medical Provider.

Assists the treating Medical Provider to perform functions required for patients seeking DOT certificates.

Operates electrocardiograph (EKG) and other diagnostic equipment to administer routine

diagnostic test and treatments.

Prepares and restocks treatment rooms for examination of patients; cleans examination rooms between patients.

Inventories and orders medical/office supplies and materials. Discards and disposes of expired items and medications accurately.

Safeguards and secures medical records to maintain patient and employee and confidentiality.

Assists with scheduling patient appointments and appointments for imaging, to include electronic filing of orders, when necessary, along with receiving and processing STAT orders and obtaining prior authorization of those orders when necessary. Performs referrals to specialists, and scans received reports/results into the patient's electronic medical record. Contacts patients with necessary follow-up information per the Medical Provider's instructions. This person can assist the Front Desk staff in answering telephones and provides patient information/messages to patients and/or medical staff.

Administers vaccines to all stakeholders as necessary; including but not limited to pediatric, adult and geriatric vaccinations.

Repeats patient instructions from ordering Providers about medication and special diets, as ordered by the treating NP / PA / MD. This person can relay information to patients about medication and special diets, as outlined by the treating NP / PA / MD. Information can be sent via verbal or written route or by secure text to patient by means of using the electronic medical record.

Performs / Assists in change of dressings, cleans wounds and incisions, laceration repair, wound bandaging, and removal of sutures as instructed by the treating Medical Provider.

Scans received imaging and referral reports/results into electronic medical record. Contacts patients with necessary follow-up information per the Medical Provider's instructions.
