As October comes to a close and the weather cools down, the Clarksville High School ARMY JROTC program has just started warming up! We made our first trip of the year to one of the CMCSS elementary schools, showing young Americans what the U.S. Flag means, proper treatment of the flag, and what our JROTC Cadet uniforms represent. We also participated in Clarksville High School sporting events, supporting our football team and band. Within the LET I section of our battalion, a "Cadet of the Month Board" was held, further challenging our LET I's on what they've learned thus far and providing impromptu lessons in military bearing. Finally, we hosted the "Best of the Best" RAIDER and DRILL TEAM competitions for CMCSS high schools and others nearby. Our event was enthusiastically received by all attending JROTC Cadets and Cadre for running so smoothly and professionally. It has been yet another productive and enthusiastic month for the CHS JROTC program. "GO WILDCATS!"
