ABOUT THE HISTORY OF

OUTCOMES: MORE WELL-
EDUCATED CADETS ON THE
HISTORY OF NEARBY
BATTLEFIELDS AND PAST
BATTLES

Friday October 19, seven of our own JROTC cadets were selected to go on the Staff Ride the Stones River National Battlefield. While in Stones River, the cadets learned about the significance of the battlefield and what battles took place in that area. They traveled around the battlefield and saw where the fighting actually took place and learned a lot about the land of which people fought. This experience has most definitely enlightened these cadets about that history of there local area and of this battlefield.
