On 6 December 2018, The Leader's of the Pack Regiment held their annual Holiday Party. This event in its entirety was planned and coordinated by Cadets and once again they provided a stellar event for our hard-working Cadets. There was lots of great food to be had as well as festive music and games. The big hit of the night was the pie in the face...the instructors seemed to disappear at that point. Great night of fun with a great group of young adults who are the future of our community.
