LESSONS LEARNED

On 22 January 2019, West Creek Army JROTC had the amazing opportunity to meet and talk with SGT Faulk for the entire day. SGT Faulk is the first female graduate of Army Sapper school, which is one of the Army's most demanding and difficult courses. SGT Faulk spoke of setting goals and having the discipline and perseverance to eventually reach a goal regardless of how difficult the goal is. SGT Faulk brought a great message that our Cadets definitely learned from. These are lessons our Cadets can apply to their high school experience as well as college and professional lives.
