AWARDS TO SHOW THEIR SKILL

**OUTCOMES:** OUR TEAM WAS  
ABLE TO TEST THE ABILITIES OF  
THEIR MECHANICAL CREATIONS  
AND TEST THE ABILITIES OF  
THEM AS A TEAM

Saturday February 2<sup>nd</sup> our very own Northeast High School held our very first ever robotics competition, and our robotics team didn't miss the chance to participate. Our teams took to competition to represent our school and program, and we had two of our very own teams win some awards. 5999S won the Tennessee State Tournament Award and 5999W won the Excellence Award. It was overall a fun and beneficial day, and our JROTC Electric Eagles did as they were supposed to, represent them, our program and our school well.
