On January 22 and 27, a select few of the Northeast High School Claws of the Eagle Battalion's Cadets participated in the Eagle Flight Night to introduce future high schoolers to what the program has to offer and what it's all about. The Eagle Flight Night gives incoming freshmen a better understanding of high school and what to expect. Drill team, Raider team, JLAB team, and Marksmanship team members were present to demonstrate the different varieties of teams that Cadets are able to participate in when enrolled in the JROTC program. The program was a great success and the up and coming freshman now have a better understanding about what JROTC is and why they should consider joining our outstanding program. -WE FLY HIGH
