

# UNITED STATES ARMY CADET COMMAND

**Who:** West Creek JROTC

**What:** CERT Training

**Where:** WCHS

**When:** March 2021

**Why:** To become CERT qualified so we can support our community when needed.

*West Creek High School JROTC LET 4 Cadets conducting hands-on CERT training. This event centered around casualty evaluation. To increase the challenge we included "Jimmy" a 180lb medical dummy. Each Cadet had to move Jimmy approximately 200' and then conduct a head-to-toe evaluation. In a few weeks we will add 35 FEMA qualified CERT personnel to the county roles.*
