Jake McKinley

*Former West Creek JROTC c/MAJ Jake McKinley recently took a huge step to reaching one of his goals. Jake recently graduated Army ROTC Advanced Camp at Fort Knox, Kentucky. Advanced Camp is an arduous 38 day course that tests the Cadets tactical and technical capabilities in a field setting. Successful completion of Advanced Camp is a major step in becoming commissioned as a 2LT in the U.S. Army. Jake was an outstanding student and Cadet at West Creek and we are proud that he continues to work hard in reaching his goals. The Army will be getting an awesome leader.*
