On 23 October, our Raider team competed in the annual Austin Peay State University ROTC Raider competition. This was a challenging, extremely well conceived and run event. Traditionally, West Creek Raiders have claimed the top spot in this competition. Once again, our Raiders competed at an extremely high level. Unfortunately, we missed out on defending our title by one penalty point. Our Raiders have developed such a winning culture that they were visibly disappointed with a 2<sup>nd</sup> place finish. That being said, they lost with grace and congratulated the all participating teams. Our Raiders will take this setback and use it to be stronger for the next competition.
