Recently, the Cadets of West Creek JROTC continued the tradition of supporting the Historic Mount Olive Cemetery in Clarksville. On this trip, the mission of our Cadets was to get the cemetery ready for the Veterans Day ceremony by removing debris, uncovering graves and creating pathways to many of the hard to reach headstones. We are proud to say that our Cadets as well as the Cadets from other CMCSS JROTC programs have supported this cemetery from when it was overgrown in the woods to now being recognized as a National Historic Site.
