On 29 January 2022, the West Creek JROTC Marksmanship team travelled to Montgomery Central HS JROTC to compete against many teams from across the region. The competition was tough throughout the event but when all points were counted the West Creek JROTC Marksmanship team came out on top. The win continues the dominance of our Coyote Rifle team; in December they also took first place at the Red River Brigade marksmanship championship. A big thank you to MCHS Army JROTC for once again putting on a first-rate competition.
