On 12 February 2022, the West Creek Army JROTC Drill and Raider teams competed in the annual Clarksville HS JROTC competition. This is always a tough competition and our Cadets always enjoy participating. The morning was very cold but our Raider team once again performed at a high level and earned the First Place Streamer. Our Drill team competed in all categories securing multiple first place awards and nothing below second place. At the end of the competition, Cadet Hodges placed first in the Knockout.
