

UNITED STATES ARMY CADET

Who: Montgomery Central Let IV class

What: Fire safety and utility cut off training

When: March 23, 2022

Where: Montgomery Central

Why: To give cadets the opportunity with hands on experience responding to emergency situations as part of CERT course

Outcomes: To improve selfless service and teamwork skills during emergency situations.

Montgomery Central Let 4's participated in CERT training. The cadets engaged in fire extinguisher and utility cut off training on March 23. The training gave cadets the opportunity to respond to emergency situations with hands on experience. The outcome was to improve selfless service, teamwork, and response to emergency situation skills.
