On August 5th, 2022, the West Creek High School, Regimental & Battalion Staffs assisted with freshman orientation (class of 2026). Both Regimental & Battalion staffs provided information about JROTC and high school to ensure a smooth transition to high school. All the new students that were recruited were really excited to meet the new staff and get to know all the opportunities that the JROTC program provides and all the experience they can acquire during their years in the Coyote Regiment.
