On 28 October, WCHS JROTC LET IV Cadets participated in the annual Red River Brigade (RRB) History field trip to the Fort Donelson Battlefield. The Cadets were assigned topics regarding the battle to research and develop a lesson plan that they presented to their Cadet peers from six other CMSS JROTC programs. In addition to teaching about the battle, all Cadets were expected to identify lessons learned from history that could be applied to their lives as students and/or future careers.
