U.S. ARMY

On 25 February 2023 the Northeast High School Army JROTC Cadets conducted their annual Military Ball at the Valor Hall Event Center. This event is done each year to bring the Battalion together as a family, celebrate our graduating Seniors and allow cadets the chance to practice the etiquette lesson they've learned in class. We were honor to have as our guest speaker Dr. Carlo Pike, DO. After the formal portion of the event, Cadets and their guest enjoy a night of dancing and conversation. The theme of the Military Ball is "A night of limitless dreams"
