In early May, Cadet Jason Scorpio successfully passed the CompTIA ITF+ exam. This is an incredibly in-depth and difficult test for IT professionals to pass. This accomplishment highlights the vast depth of Jason’s IT knowledge and sets him on the path to an amazing career. The CompTIA ITF+ certification test is essentially a general knowledge test for information technology, and is often required for many jobs in the field. It covers a wide area of subjects, ranging from system troubleshooting to defense against malware.
