On 25 November 2024, West Point Cadet Laurencio Lopez (3rd year) a former West Creek JROTC Cadet (c/o 2021) took a day out of his incredibly busy schedule to highlight for our Cadets the many opportunities a West Point education can provide. This was an amazing opportunity for our Cadets to interact with someone who literally sat in their seats just a few years prior and is now in the process of reaching some high-level goals.
