3. **Respect and Privacy:** Respect each student's privacy and confidentiality. Information gathered during screenings is confidential and must not be shared outside the designated health team.
4. **Presentation:** Ensure you are clean and well-presented. This reflects professionalism and respect for the students being screened.
5. **Safety Procedures:** In the event of a fire drill (or other emergency requiring evacuation) ensure you follow immediate evacuation from the school building according to the Emergency Plan.

Confidentiality and Privacy

1. **Confidentiality:** All personal health information encountered during screenings is confidential. Do not discuss any details outside the screening area.
2. **Privacy:** Respect the privacy of students. Conduct screenings in a manner that maintains their dignity and confidentiality.

Documentation and Sign-In Procedures

1. **Sign-In and Sign-Out:** Each day, you must sign in and out using the Raptor system. This will require your driver’s license or student ID.
2. **Documentation:** Accurately complete any required documentation and submit it to your teacher promptly.

Permission and Participation

1. **Permission Slip:** A signed permission slip from your parent or guardian is required for each screening day. This must be returned to your teacher before participating.
