CAREER-TECHNICAL WORK EXPERIENCES

It is the policy of Clarksville-Montgomery County School System (CMCSS) to select all projects, repair work, and simulated jobs on the basis of their contribution in aiding the student to develop occupational competencies. These hands-on activities are scheduled within the instructional program and become an integral part thereof. No work is performed by a student on any job that has not been officially authorized. The instructor and principal will determine whether or not to charge for the service and into which school accounts monies will be deposited.
