LIBRARY SERVICES AND COLLECTION POLICY

Library services are provided for all CMCSS schools. Each CMCSS school will have a library which meets the requirements of the State of Tennessee and the standards of the American Library Association.

The maintenance of a school’s library collection is the responsibility of the school’s library media specialist, in cooperation with school administrators and other staff.

Each CMCSS school will maintain a current list of the materials made available to students in the school’s library collection. This list will be posted on the school’s website.

CMCSS has a procedure to ensure that each school’s library collection is developed and periodically reviewed in accordance with state law and has a procedure to receive and evaluate feedback from students, parents/guardians and employees of each school.
