EQUIPMENT PURCHASE POLICY

Clarksville-Montgomery County School System (CMCSS) strongly recommends individuals and/or organizations to research available maintenance support or service available with the Maintenance Department before purchasing equipment for a school.

Failure to verify support with the Maintenance Department could result in lack of repair capability. If repair capability is not available, CMCSS suggests a maintenance agreement be purchased with the equipment. If a maintenance agreement is not purchased, the school will need to budget for repairs required by the contractor through ISA funds.
