Transportation Employee Perquisite Waiver & Release

I, _____, acknowledge that as an employee of the Clarksville-Montgomery County School System, I have been granted the opportunity to meet the transportation needs of my student to and from school. I recognize and appreciate that the CMCSS School Board provides this privilege.

I acknowledge that this is a personal choice for both my dependent and myself. All other possibilities for safe transportation have been reviewed and discussed, but exhausted. I understand that my student will be under my constant supervision on my bus while on the premises of any CMCSS bus complex. Under no circumstances will my student be permitted to wander the property or be left without supervision. I understand that this service will be approved for the current school year and will need to be reviewed before proceeding into another school year.

Initial _____

I acknowledge that my decision to allow my dependent to accompany me to and from school is entirely voluntary and not a mandatory requirement for my role as a Bus Driver with CMCSS. I fully understand and acknowledge the inherent risks of being present on the bus lot. This includes, but is not limited to, the potential for physical or mental injury, death, or damage to personal property. I am familiar with these risks and have made a deliberate choice to use this service, fully understanding and accepting the associated risks.

Initial _____

I agree to absolve, release, and discharge CMCSS, its board of directors, and employees from any potential claim, demand, or cause of action that may arise on behalf of my student or myself solely for the voluntary use of this optional service.
